Betreff: Provisional draft mandate in the field of variable speed drives and/or Power Drive System products

Dear Ingrid,

the German NC agrees to the above named Provisional Draft Mandate.

We advise to consider the following editorial comments:

The committee covering VSD is SC22G and not TC22. The proposed change is to replace TC22 bei TC22/SC22G.

With best regards,

Dr. Renata Wanka-Enikeeva, LL.M
